What did you do these past 2 days  
for marketing outside your school??  
For how long?

How much of your time should be spent  
doing these activities?

Your asset is time!

30 minutes to 70% of your time!  
Some schools recruit 70 students  
per month.

There is a big difference between  
working leads you have in your  
school or just have leads in your  
school. Send them some tips such  
as: we found that stretching up  
the morning gives us energy all  
day long. Try it and see how it  
works for you.

Flyers - signs (hold) - business to business -  
V.I.P (person to person) - Show & Tell -  
Buddy Days (regularly in school)  
Personal cards - demos - field trips in  
the school (boy scouts / girl scouts -  
baseball teams etc... - pizza party  
class etc in 1 mth free).
