How many do you have so far from the program?

Follow all the guidelines

Repeat all the steps - emails, ask members to post on FB, etc

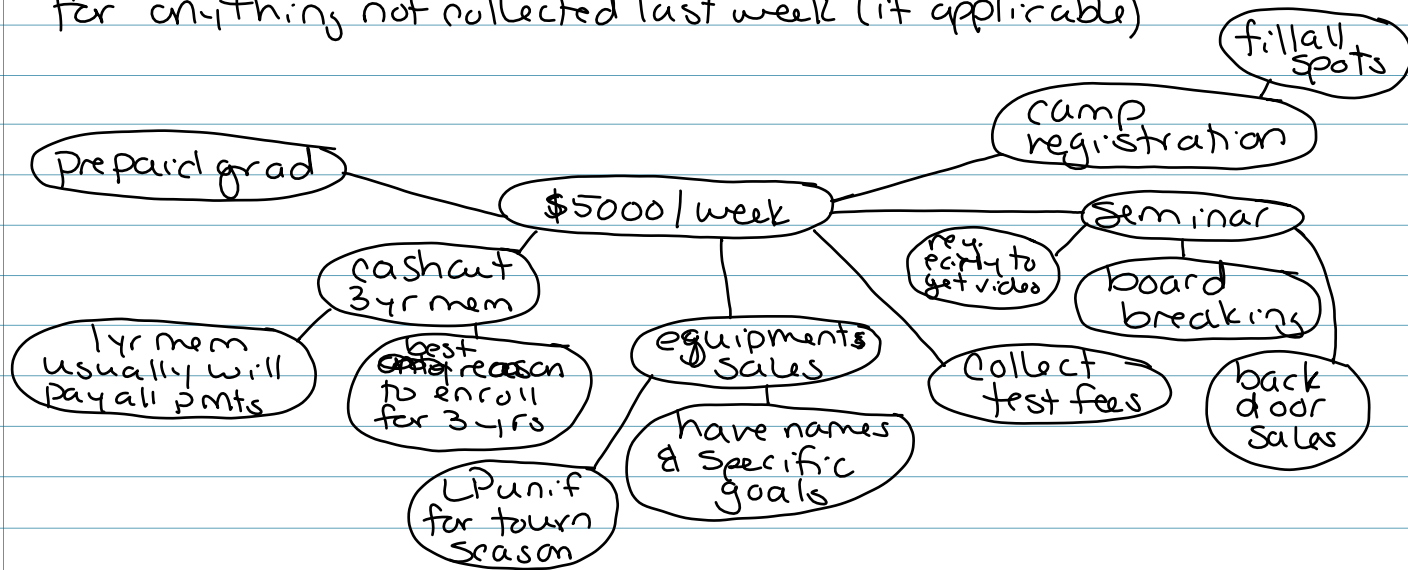

For the National prize, they must register on the i♥KB site  
(Your school site will forward them to i♥KB when KB selected)

Make \$5000 per week

1st week of the month finish old business

Ask for money - Don't just tell them the price

Make a plan - how to get \$5000 this week, and make up for anything not collected last week (if applicable)

Some will, some won't, so what.

Ask everyone, & don't get emotionally involved.

The success of the school does not depend on its location - it depends on what the instructors do.

How is your progress going on attaining your business model?  
What steps are you taking? This month? Right now?
