If you've reached your goal before the month is over,

How to have a perfect week end,
Plan it in advance. Make sure who we
want to be there is there.

The same. Always apply for your
school. Don't just sit.
What event do you have coming up
in September? Address a different
group every month.

What is your end plan for the
last 3 days. Don't confuse having a
plan and having a goal. Have a
great plan to reach that goal.

Always check your monthly
reports and try to keep students
happy so they stay. Work on past
due people, make sure they are
in class. Take the time to keep
them in your school. It's better to look
them between 1 to 30 days (before) late.
